

We met up today at around 7:40pm and started to complete our ERD diagram. We also added two many-to-many relations to our ERD diagram. We completed the ERD diagram to our satisfaction. We have also signed up to do our presentation about Phase 1 of the Project on Oct, 21 at 1:40pm with the Doodle poll given to us in announcements. We plan on meeting either Tuesday 8/9 to whatever time we end to work on the presentation. We will decide whether to meet up again after seeing how much we get done with the presentation.
